

texture wall product range

Interior walls often offer a window to a homeowner's personality. Is he a risk-taker or does he prefer, to keep things simple? Royale Play range of interior textures by Asian Paints helps give wings to your client's ideas while giving your interior designs the rich praise it truly deserves.

painting your interior texture walls

When it comes to transforming interior spaces instantly, the Royale Play range of interior textures from Asian Paints does it best. However, following the right painting process is critical if you want these textures to be at its best and give your designs a truly spectacular look.

interior texture painting application tools

 Application Roller	 Colourwash Sponge	 Crinkled Paper	 Denim Brush	 Yarn Tool	 Kora Grass Tool	 Natural Sea Sponge
 Ragging Roller	 Scraper	 Spatula	 Special Effects Brush	 Special Effects Comb	 Swirl	 Trowel

interior texture wall painting system

STEP 1 SURFACE PREPARATION:
Use a wire-brush to remove loose dust particles and clean the surface. In case of surface dampness or seepage, use Asian Paints SmartCare Damp Block.

STEP 2 PRIMING:
Once the wall surface has been cleaned and readied, apply one coat of Decoprime Wall Primer to prepare the surface for putty application.

STEP 3 PUTTY:
Apply Asian Paints Acrylic Wall Putty to rid the wall surface of holes, dents and undulations and get a smooth finish.

STEP 4 PRIMING:
Apply Asian Paints Decoprime Wall Primer once again to finally ready the surface for the topcoat and provide better adhesion.

STEP 5 BASE COAT & TOPCOAT:
Apply 2 base coats of recommended Asian Paints emulsions. Now apply 1-2 coats of your favourite texture product using the appropriate interior texture application tool for the desired pattern and finish.

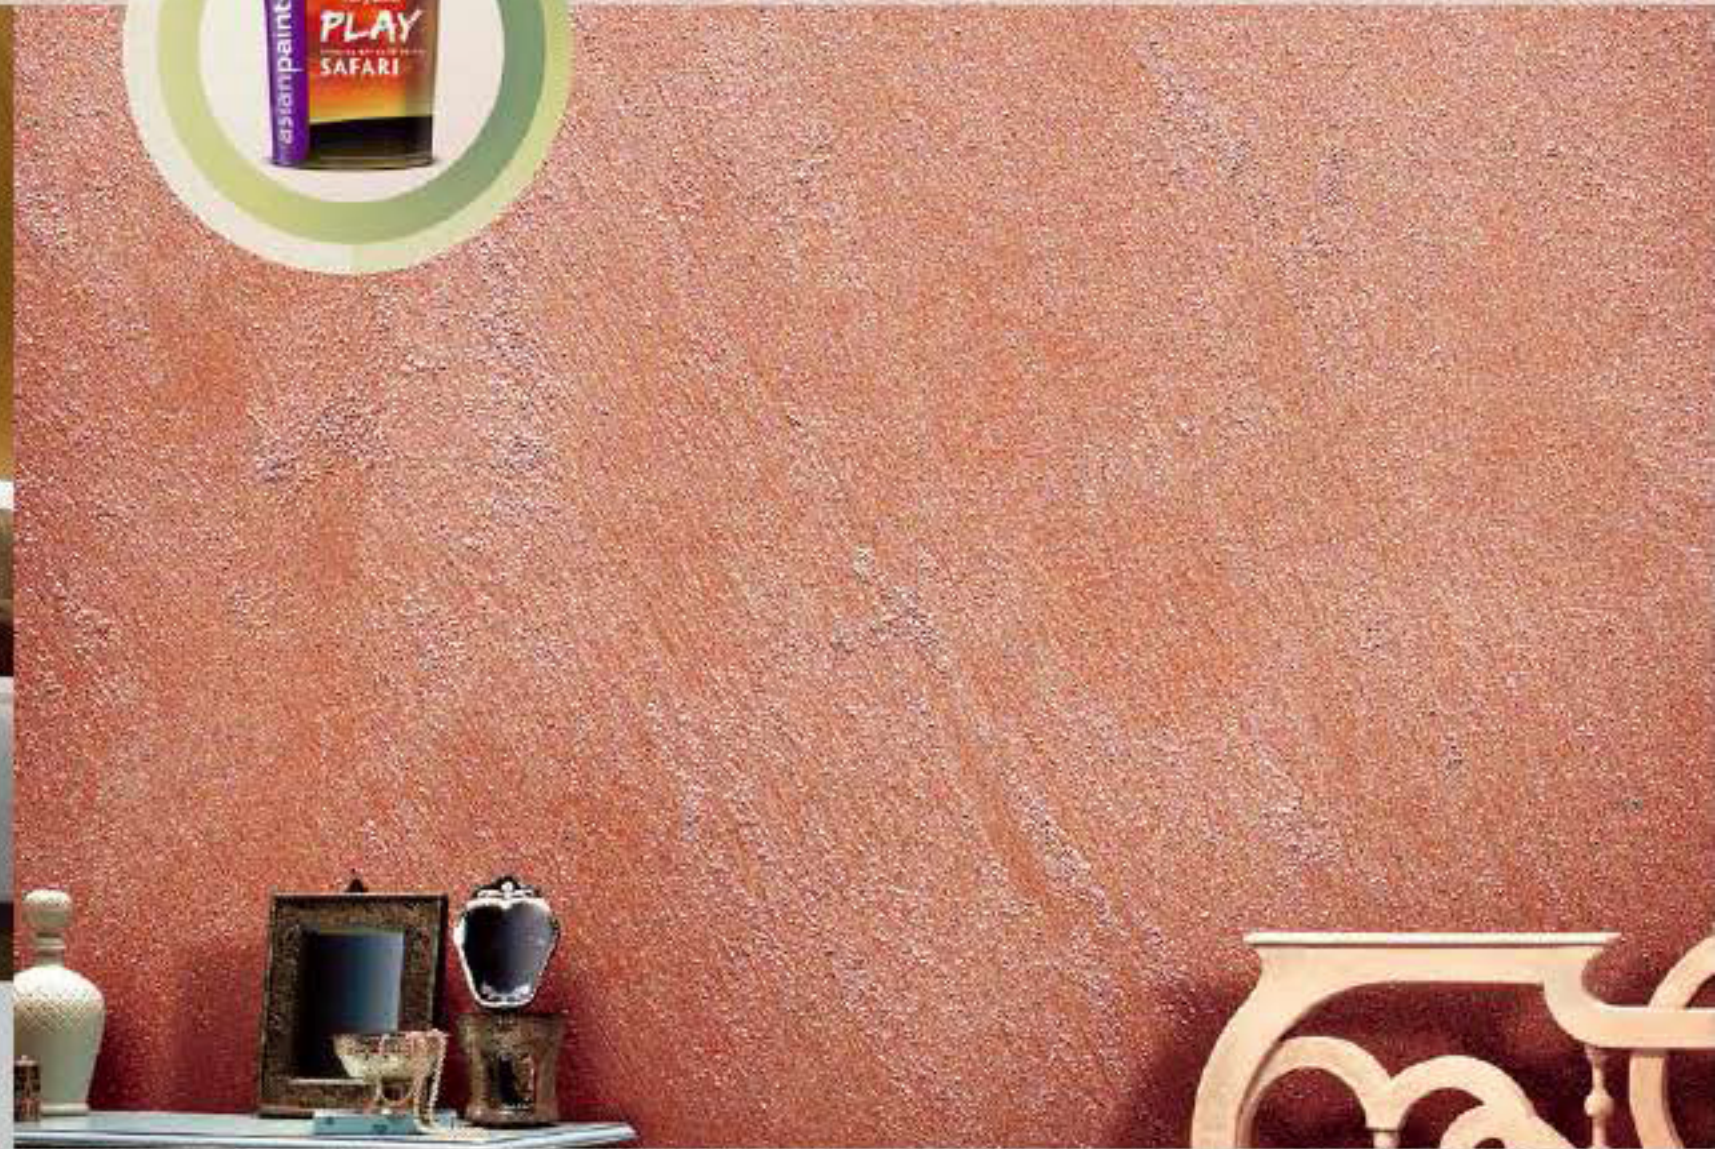

royale play dune

Drawing inspiration from the magnificent sand dunes of the African desert is Royale Play Dune. Adding sophistication to any corner of a room, this water-based paint is available in 3 patterns, Drizzle, Halo and Whirl – each with 48 shades, including gold, silver and direct shades.

royale play safari

Capturing the essence of the African jungle safari, Royale Play Safari is a water-based paint that gives walls a unique grain texturing. Available in 32 shades including gold, silver and direct shades, it adds an exotic appeal to walls with its metallic dual tones.
